

StayClean™ Mini Tablets

Condensate tray bacterial control treatment

StayClean™ Tablets are an inexpensive, easy-to-use, long-lasting condensate tray treatment. The tablets will control odours and prevent sludge build-ups and blockages in the condensate tray and drain. They are safe to use, non-corrosive and – being totally soluble – leave no residues to create further problems.

Specification

Name	StayClean Tablets
Product Code	010105
Packing Quantity	20 x 20 tablet bags
Packing Size (L x H x D) cm	23 x 15 x 14
Shipping Weight Kg	0.9
Shipping Volume M ³	0.005
Application	Condensate Trays: Control of Bacteria, Mould and Slime
Soils	Control Bacteria, Mould & Fungus
Dilution (Water:Product)	N/A
Contact Period	Constant
Rinse/Flush Required	N/A
Special Features	Totally soluble

Directions for use

PLACE

StayClean Tablets

S1/2: Keep locked up and out of the reach of children. S49: Keep only in the original container. S20: When using do not eat or drink. S24: Avoid contact with skin. S37: Wear suitable gloves. S46: If swallowed, seek medical advice immediately and show this container or label.

Consult Safety Data Sheet for full safety information. Always wear suitable PPE.

Simply place the tablet in the tray at the highest end, and adjacent to the coil, so that the resulting treatment will cover the entire tray. For larger systems multiple tablets may be used. For initial applications, or where the tray and drain are severely contaminated, double the suggested treatment rate.

One tablet will treat a 2-3kW system and will last for a month. Multiple tablets can be used in larger systems for maximum flexibility.

Approved by Aspen Pumps and other leading condensate pump manufacturers
