

WIPCOOL-P180 TANK CONDENSATE PUMP

WIPCOOL P180 is a reliable operation, easy to use and maintain condensate pump. When A/C unit is not able to drain excess water by gravity, the solution for the proper functioning of the air conditioning system is the WIPCOOL P180 condensate pump.

Condensate pumps operate in the work cycle. WIPCOOL P180 condensate pump is equipped with a container in which condensate accumulates. When the accumulated liquid reaches the appropriate level in the tank, the condensate pump is activated. The pump runs until the minimum level in the tank is reached.

MECHANICAL DATA	
Model	P 180
Voltage	230 V~ 50 - 60 Hz 115 V~ / 60 Hz
Discharge Head (max.)	4,5 m (15 / t)
Flow Rate (max.)	180 l / h (48 GPH)
Tank Capacity	1,8 l
Sound level at 1 m	48 dB (A)
Ambient Temp.	0 ° C ~ 50 ° C
Safety Switch	Volt – free alarm, N.C. 230V- 3A, With Buzzer Warning
Power Consumption	60W
