

Chisel

Condenser Cleaner with Anticorrosion Power - Dilution 1:3

The Condenser Cleaner with Anticorrosion Power **CHISEL** is a product of rapid application and effectiveness to treat outdoor units, efficient as an acid cleaner but more safe. Easily removes organic residues, grease, stubborn dirt and corrosion, preventing even its new formation. It is the ideal product to restore neglected systems or facilities subjects to strong environmental aggressions.

Instructions: Dilute **CHISEL** 1:3 with water. Spray the product on the surface to be cleaned, wait five minutes and then rinse thoroughly. Dry the surface with a clean cloth. In case of strong corrosions, facilitate the removal with an abrasive material.

Avoid contact with delicate materials.

CHISEL must be used by experienced professionals, provided with the specific personal protective equipments.
