

No Odor

Intense Bad Smell Remover

Product description

NO ODOR is a treatment specifically formulated to eliminate odours from surfaces. Its powerful formulation is effective even against the most unpleasant odours (such as food, stagnant water, garbage, etc.). For this reason, NO ODOR is the perfect solution to treat drains, leaking wells, trash cans, or floors. Ready to use, it does not cover odours but eliminates them permanently by incorporating their molecules. Suitable for frequent use and safe for all surfaces (metal, plastic, etc.).

Features

- Does not cover the odour but incorporates it irreversibly.
- Long-term efficacy.
- Safe for materials and surface.
- Ready to use.
- HACCP compliant.

Surface treatment

1. Place the dispenser 30 cm from the fabrics or surfaces to be treated.
2. Dispense the product so that a thin layer covers the area.
3. Leave on for a few seconds.
4. Does not require rinsing.
