

# BIG BLU BIG BLU SUBZERO

## A Higher Level of Leak Detection:

The Original Big Blu family of bubble leak detectors are used by OEM's and industry professionals worldwide. Our fluids are strong, persistent film forming liquids that are the only bubble/foam indicators capable of detecting gas leakage down to 0.65 ounces per year. Use on any gas including Oxygen.

**Big Blu** is the original spray on leak detector.

**Big Blu Subzero** is freeze protected to -30F.

- Non-Toxic
- Non-Corrosive
- Biodegradable
- Oxygen Safe
